THE INTERNATIONAL CONFERENCE
ON
ADVANCED MECHANICAL ENGINEERING, AUTOMATION AND SUSTAINABLE DEVELOPMENT 2021
AMAS2021
Special Edition International Conference on Material, Machines and Methods for Sustainable Development (MMMS2021) On the Occasion of the 55th Anniversary of the Hung Yen University of Technology and Education

Time: November 04-07, 2021
Location: Ha Long, Quang Ninh, VIETNAM

FIRST CALL FOR PAPER

AMAS2021 - The **International Conference on Advanced Mechanical Engineering, Automation and Sustainable Development 2021 (AMAS2021)** will be held in the majestic Ha Long city of Quang Ninh province, Vietnam on November 04-07, 2021. The event is hosted by Hung Yen University of Technology and Education (UTEHY) in collaboration with the Vietnam Association of Science Editing (VASE), Kyungpook National University (KNU-Korea), Sun Moon University (SMU-Korea), Nagaoka University of Technology (NUT-Japan), Feng Chia University (FCU-Taiwan), National Central University (NCU-Taiwan), National Kaohsiung University of Science and Technology (NKUST-Taiwan) and Council of Asian Science Editors (CASE).
Researchers, policy makers, industry, practitioners and students from all countries are welcome.

AMAS2021 is a special edition of International Conference on Material, Machines and Methods for Sustainable Development (MMMS) that had been held very successfully at the NALOD Hotel in Danang (MMMS2018) and in the charming Nha Trang city (MMMS2020)
MMMS2018 - the 1st International Conference - has obtained a great success with almost 500 participants from 10 countries and resulted in 130 proceeding publications and 70 international journal papers by Trans Tech Publications.
MMMS2020 - the 2nd International Conference - has obtained a great success more than 300 participants and resulted in 150 selected, peer-reviewed proceeding publications on the Lecture Notes in Mechanical Engineering (SCOPUS-Springer).

CONFERENCE AIMS
The purpose of the conference is to explore and ensure an understanding of the critical aspects which contributed to sustainable development, especially advanced mechanic engineering, automation, materials, machines and methods. From such understanding, the conference aims at an overall approach to assist policy makers, industries and researchers at various levels to position the local technological development towards sustainable development in the global context, to assist decision making towards a greener approach especially for advanced mechanic engineering, automation, material, machines and methods.
Researchers, policy makers, industry, practitioners and students from all countries are welcome to participate and submit papers to the conference topics.

TOPICS

The topics of the conference include, but are not limited to, the following:

- Mechanical engineering, automation
- Electricity, electronics and communications
- Information technology
- Materials science
- Energy management
- Renewable energy, alternative fuels
- Sewing technology and fashion
- Industrial production system
- Chemical technology, food and environment
- Economy, finance

IMPORTANT DATES

- 15/05/2021: Deadline for submission of abstract
- 15/06/2021: Notification of abstract acceptance
- 15/07/2021: Deadline for full paper submissions
- 15/09/2021: Notification of final paper acceptance
- 01/10/2021: Registration open
- 15/10/2021: Final program and Instructions for Participants
- 04-07/11/2021: Conference

GUIDELINES FOR ABSTRACT SUBMISSION

Abstracts, of a maximum of 400 words, should be submitted to the conference page and should indicate the topic and whether they relate to a poster, paper.

PUBLICATION POLICY

Participants can choose to present their work in form of a full paper or a poster.
All submitted work will be published in the conference proceedings with ISBN.
Papers presented in AMAS2021 will be published after peer-review in a selected journal series by Springer Proceedings Indexed by Scopus. Authors are encouraged to follow strictly the publications ethics for scientific publishing.

CONFERENCE CHAIR

Prof. Banh Tien Long
Former Deputy Minister of Education and Training.
Former president of the Council of Asian Science Editors (CASE)
President of the Vietnam Association for Science Editing (VASE).
The Chair of the Council for the National title promotion of Professor of Mechanical and Transport Engineering.
Vice President of Vietnam Federation of Mechanical Engineering Associations.

CONFERENCE CO-CHAIR

Assoc. Prof. Bui Trung Thanh
President of Hung Yen University of Technology and Education, Vietnam
Prof. Kim Yun Hea
Professor in Ocean Advanced Materials Convergence Engineering
ex-Acting President of Korea Maritime & Ocean University, Korea (KMOU)
Visiting Professor, Naval Postgraduate School (NPS), USA
Vice President of The Korean Society for Composite Materials
Editor-in-Chief of Nano Hybrids Composites
Prof. Nguyen Duc Toan
Vice President of the Vietnam Association for Science Editing (VASE).
Hanoi University of Science and Technology
Assoc. Prof. Nguyen Thi Hong Minh
Vice President of the Vietnam Association for Science Editing, Vietnam
Hanoi University of Science and Technology

CONTACT PERSON
